Thank you for your interest in The Accommodation Program.

Currently, more than 20,000 hospitality establishments nationwide participate in the program, which was designed to help businesses effectively designate separate smoking and non-smoking sections.

Businesses that participate in The Accommodation Program receive special training materials and resources, as well as information on enhancing ventilation.

When you see the symbol of The Accommodation Program, you will know that your preference to smoke, or not to smoke, will be accommodated. Look for it in restaurants, hotels, and bowling centers in your area and in cities across the country.

Enclosed is a listing of participants in The Accommodation Program in your area. These businesses are going out of their way to make all customers, smokers and non-smokers alike, feel welcome and comfortable. By frequenting these establishments you can show your support and appreciation for their policy of accommodation.

The enclosed booklet provides you with more details about The Accommodation Program and includes guest check stickers which you can use to tell establishments how you feel about accommodation.

Once again, thank you for your interest in The Accommodation Program.
